Exhibition Title

2022 Perry Green, Sculpture in the Landscape at Henry Moore Studios & Gardens

More Information

This year 23 sculptures by Moore are on display in the grounds at Perry Green, Hertfordshire. Henry and Irina Moore created the ideal environment in which to make and appreciate sculpture. Irina transformed the land around their home in Perry Green into a series of outdoor galleries – open to the air, light, and subject to the shifting seasons. A network of studios scattered across

seventy acres facilitated a lifetime of creativity. The outdoor space enabled Moore to work on a monumental scale and to test the siting of his sculpture. The Henry Moore Foundation continues to display an annually changing selection of sculpture in the grounds today. Moore's studios and gardens are open to the public from 1 April to 30 October 2022.
