Exhibition Title

2017 Seebüll, Nolde Stiftung, Emil Nolde meets Henry Moore

More Information

In 2017, for the first time in its history, Nolde Stiftung, the home and Foundation of the painter Emil Nolde is displaying the work of another artist - Henry Moore. We are delighted to be working with Nolde Stiftung in 2017, the 150th anniversary of Nolde's birth, to present the first exhibition of another artist at his former home in Seebüll, Germany. The home and Foundation of the painter Emile Nolde, with its beautiful gardens, is a perfect counterpart to the Henry Moore Studios and Gardens in Perry Green. Four of Moore's celebrated sculptures are presented in Nolde's garden. An

exploration of landscape, nature and the human figure was central to the work of both artists and the landscape of North Friesland provides an exciting new context for Moore's sculpture. A new catalogue will accompany the exhibition, with extensive illustrations and new research into both artists.
