423pp.Illus.Index.

Year

1998

Description

Biography of British, Nobel Prize winning, female crystallographer, whose arthritic hands Moore drew in 1978, (HMF 78(38)-HMF 78(47)). Brief mention of this on page 394, recounting how Hodgkin met Moore at Cambridge; states Sir Rex Richards made the initial approach to Moore. No Moore illus.
