142-147(8 illus) Henry Moore: seven Sculptures 1945-1966.
Rockefeller recalls briefly his friendship with Moore from 1946 onwards, and there is passing mention of Moore's works in texts by Barr and Lieberman. Moore's sculptures appear incidentally in one or two other photographs in the book. Lieberman's text is adapted from the 1969 M.O.M.A. exhibition catalogue (See 0004899).
