Description

Article publicising the exhibition 'Henry Moore in Miniature' at the Holbourne Museum, Bath, 3rd May to 8th September 2024.
Chris Stevens, director of the Museum and curator of the show explains the significance of the small scale of the works, all of which are less than 30cm, and how these miniature works held equal importance to Moore as his monumental works. A collection of 9 terracotta heads, never before seen in public, form part of the exhibition.
