Notebook No.6
SKB 9
1926
cream lightweight laid
Maroon paper-covered boards quarter-bound in red cloth 223 x 173mm; the book probably contained 60 pages of
cream lightweight laid paper 223 x 170mm in three signatures of twelve, and one each of six, eight and ten, including
the inside covers and endpapers. The front board is blind-stamped lower right LAMLEY & CO./PUBLISHERS./SOUTH
KENSINGTON/No. 9047. Apart from HMF 442, to which Moore later added a signature and date, the drawings are
unsigned and undated. The pages were numbered in pencil by the artist upper right on the recto and upper left on the
verso starting on the verso of the first page. In 1975, at the request of Bernard Baer of Ganymed Original Editions, who
published a facsimile reproduction of the notebook, the artist altered the page numbers to run consecutively, ignoring
any pages which were missing or had become detached. Page 18 therefore became p.16, p.22 became p.18, p.68
became p.62, p.96 became p.74, and p.108 became p.84. Wilkinson, writing earlier than 1975, uses the original
pagination. Blank pages or pages with only an inscription have not been included in the catalogue raisonné or given AG
numbers, though each carries an HMF archive number.
